Grandma's Kitchen
125 Paris Ave. Northvale, NJ 07647

In the United States, peanuts and tree-nuts are the number one cause of fatal and near fatal reactions to food.

During the past five years, peanut and tree-nut allergies have **doubled** among children.

At Grandma's Kitchen we are **always** Peanut and Tree-nut Allergy Free, because one of the owners is allergic to peanuts, tree-nuts, as well as other food allergies.
